DETROIT IS THE PLACE TO LEARN--Start Any Time

There are 44 auto factories in Detroit, and 140 accessory and parts factories. Our students have the privilege of going through any or all of them. We now OPERATE WESTINGHOUSE AND AUTO-LITE SERVICE STATIONS. After careful consideration the Westinghouse Electrical and Manufacturing Company and the Auto-Lite Company decided that our school was the best to handle their service stations. This has added thousands of dollars' worth of equipment and makes our electrical department unequalled. Students get actual experience and training in handling all kinds of electrical auto equipment and taking care of trouble. We have constantly a greater demand for our graduates than

we can meet. Factories and Garages are paying big salaries to men who know how to handle electrical equipment quickly and properly. You can't get these advantages in any other school. Detroit is the automobile center. You get practical instruction. Come to our school and learn the auto business right. School open all the year. Enter classes any time, any day. Three Classes daily, morning, afternoon, evening. You can work in the factory in the daytime and take course at night. There is a great demand for Michigan State Auto School students. Garages throughout the country write us for men. Auto factories write and phone for men constantly to fill permanent places. Why not fit yourself with one of these good paying positions?
